- ⊙ Safe, secure and straightforward

Product overview

3CX Cloud from Vox is an open-standard, software-based PBX system which has gained international recognition for its combination of innovation and cutting-edge technology. A complete Unified Communications solution, that works with a variety of popular IP phones. Furthermore, it includes features such as Web Conferencing, Presence, Softphones, Smartphone Clients and more- just without the inflated costs and management headaches of traditional telephonic systems.

3CX is tried and tested, with over 250 000 installations worldwide. Furthermore, it's known as one of the most secure PBX systems on the market, and delivers simple, affordable, secure and flexible communication solutions to any customer. Vox is a proud 3CX partner, having achieved the highest certification standards possible, and as such are more than qualified to deploy, maintain and manage this solution to our valued customers. Whether it's for home, office or mobile use, we're ready and able to bring this solution to you.
