

Virtual Doctors Consultations and AI Vital Scans

Ava Limited provides affordable, easy, accessible Vital Scans and 24/7 access to registered doctors in 15 minutes

- Affordable healthcare at your fingertips
- Safe, convenient access to your medical history
- Reliable, remote diagnosis
- Comfort and convenience of speaking to a doctor when needed
- Catching potential health issues early
- Add unlimited dependants

PRODUCT OVERVIEW

Patients often face high out-of-pocket costs for treatment and medication. Ava Limited gives you access to six Vital Facial scans and six Virtual Consultations with a doctor per subscription, lowering the risk of financial hardship or medical debt.

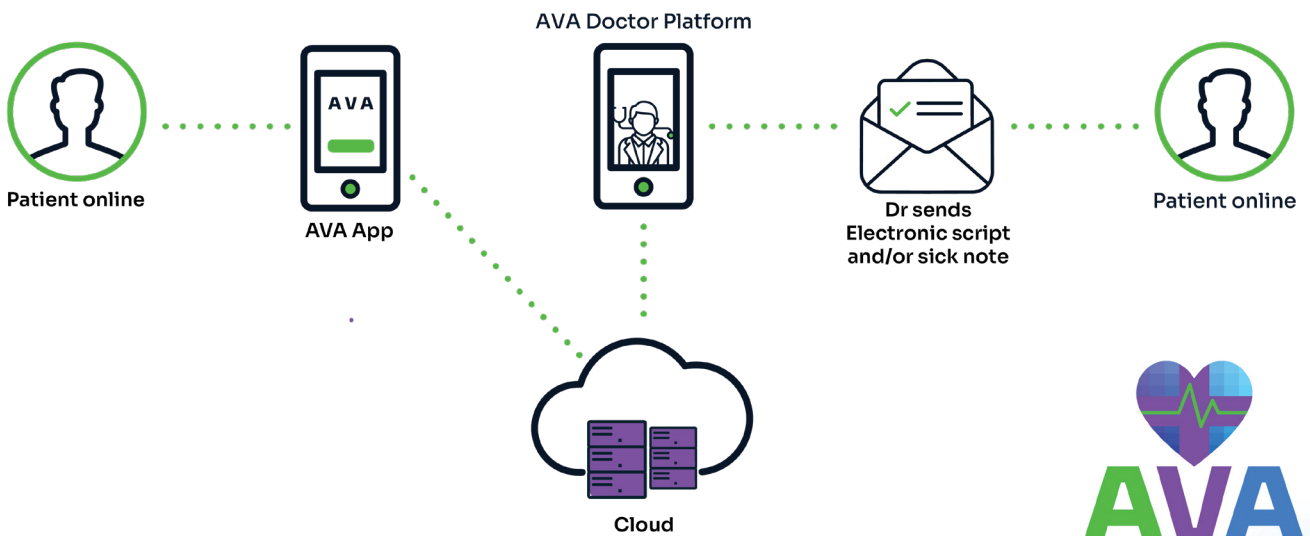

Patients can scan their Stress level, Blood Pressure, Heart Rate, Respiratory Rate and Oxygen Saturation percentage on their smartphone, via the AVA app, which is driven by artificial intelligence (AI).

If a doctor is required, the patient is able to make a Virtual appointment with a doctor using the AVA app.

A remote consultation is conducted and a script and / or sick note is provided via email.

Unlimited dependants are allowed on each portfolio, and top-up options are available once the allocated scans and consultations have been used up.
