

Connect to the Internet wherever you are

Stay connected with Vox's versatile Mobile Data solution

- Link multiple MTN SIM cards to one account
- Monitor and manage your mobile data usage easily, online
- Avoid surprise out-of-bundle bills
- Shared Mobile Data between SIM cards
- Receive usage notifications via SMS or Email
- A mobile, wireless Internet Solution

PRODUCT OVERVIEW

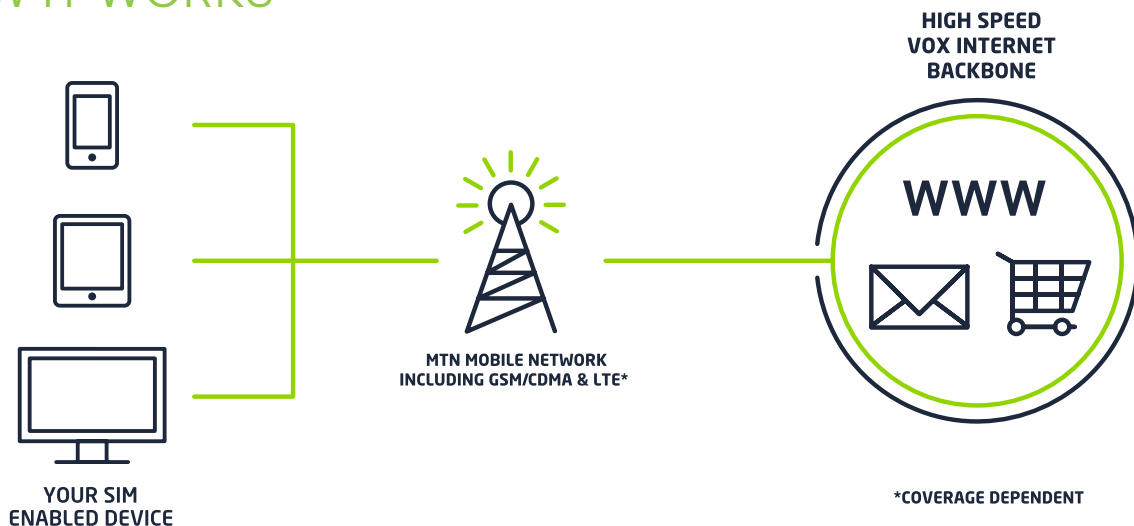

As a private individual or a business owner, you need to be able to access the Internet wherever you are, whenever you want. Vox's Mobile Data Solution gives you the freedom to connect anywhere in South Africa. Use Vox Mobile Data to connect your laptop, smart phone, tablet, modem or security systems.

Choose between flexible month-to-month options, link

up to 5 SIM cards to one account (depending on the product), and manage your usage and billing from the user-friendly online Customer Zone.

Vox Mobile Data encourages communication between your family members or business team members, increasing connectivity and productivity while lowering costs.

HOW IT WORKS

- **Shared Account with multiple SIMs**
- No termed contract (month-to-month plan)
- Add multiple MTN SIM cards to your account and share your data by setting a data cap for each SIM card

- Online data monitoring with SMS/Email notifications
- Create a unique username and password for data security

FEATURES

- National coverage provided on the MTN mobile network.
- Quick setup and easy installation.
- Secure access with unique username, password and APN name.
- Caters for all SIM types (standard, micro and nano).
- Hardware (USB modem/router /Mi-Fi device) is available.
- Use a single SIM or link up to 5 SIMs on a single account.

- Manage costs and usage from a single place; the Customer Zone.

Setup is as easy as 1,2,3!

1. Username
2. Password
3. APN Name

Vox will provide you with your credentials via email and SMS.

“A mobile, wireless Internet solution that allows you to connect your business and your team”
