

norton™

Millions of people  
around the world  
trust **Norton.**

## Norton™ 360 for 3, 5 or 10 devices

Multiple layers of protection for your devices, online privacy features including our Secure VPN, plus Parental Control – all in a single solution.

### Opt-in to **Cyber Safety:**

#### Device Security

Real-time protection for your devices against ransomware, viruses, spyware, malware and other online threats.

#### SafeCam<sup>1</sup>

Instantly alerts you to any attempt to access your webcam and helps you block those who are not authorised to access it.

#### Secure VPN

Access your favourite apps and websites when connecting to Wi-Fi at home or on the go with the reassurance of bank-grade encryption.

#### Smart Firewall for PC or Firewall for Mac®

Monitors communications between your computer and other computers and helps block unauthorised traffic.

#### PC Cloud Backup<sup>1,2</sup>

25, 50 or 75GB of cloud storage to store important files and documents as a preventive measure against data loss due to hard drive failures, stolen devices and even ransomware.

#### School Time<sup>3</sup>

Remote learning requires the internet, so pausing the internet on your child's device is not an option. Manage your child's remote learning environment and keep your child focused while school's in session.

#### Parental Control<sup>3</sup>

Parental tools to help your kids explore the Internet more safely.

#### Password Manager

Tools to easily generate, store, and manage your passwords, credit card information and other credentials online – more securely.

Norton 360 is supported on Windows™-PCs, Mac®, Android™- and iOS devices. Some features are not available on all devices or all operating systems. For information on system requirements visit [norton.com/ns\\_sysreq](https://norton.com/ns_sysreq).

1. Cloud Backup and SafeCam features are only available in Windows (excluding Windows 10 in S mode, Windows running on ARM processor).
2. Requires your device to have an Internet / data plan and be turned on.
3. Parental Control can only be installed and used on a child's Windows™ PC, iOS and Android™ device but not all features are available on all platforms. Parents can monitor and manage their child's activities from any device – Windows PC (excluding Windows in S mode), Mac, iOS and Android – via our mobile apps, or by signing into their account at [my.Norton.com](https://my.Norton.com) and selecting Parental Control via any browser. Mobile app must be downloaded separately.
